

Essex Safeguarding Children Board Business Plan 2017 – 2019

Introduction

Our vision is that “*children and young people in Essex are seen, heard and helped; they are effectively safeguarded, properly supported and their lives improved by everyone working together.*”

The Essex Safeguarding Children Board (ESCB) Business Plan sets out the strategic intent of the ESCB in making this vision a reality. It underlines the statutory objectives of the ESCB to coordinate and ensure the effectiveness of safeguarding arrangements with priorities set for 2017/18 being updated following discussions with its partners.

Our Principles

- Safeguarding is everyone’s responsibility.
- At the core of our safeguarding and child protection work is the commitment to understand the quality of a child’s experience of local services
- To learn from individual experiences and have a positive impact upon young lives
- To champion and protect the safeguarding needs of vulnerable children and young people
- Our work is characterised by an attitude of constructive professional challenge
- To foster a culture of continuous review and learning with evidence based practice
- To foster a single child-centred culture, focussed on the needs of children, young people and their families
- To capitalise on the unique opportunities presented of being the 2nd largest board in the country.

Our Priorities
